🎓 **Qualified Teacher | University of Copenhagen | PhD in Physics**

I have a PhD in Physics from the University of Copenhagen and a BSc in Applied Physics from Aarhus University. Over the past 9 years, I've taught IB, A-Level, and IGCSE Physics to students from Europe and the US, focusing on both theoretical knowledge and practical application of physics.

Teaches: IB Physics A-Level Physics IGCSE Physics GCSE Physics AP Physics

Curriculum: IB A-Level GCSE IGCSE AP

Qualifications

University of Copenhagen: PhD in Physics (2013-2017)

Aarhus University: BSc in Applied Physics (2009-2013)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past 9 years, I've tutored students from diverse backgrounds, focusing on physics concepts across IB, A-Level, and AP curriculums. My experience spans from high school to university-level physics, where I've helped students master topics ranging from mechanics to electromagnetism, guiding them to success in exams.

In addition to curriculum-based tutoring, I've also provided support for students preparing for international exams such as AP Physics and the Physics Olympiad. My approach ensures that students develop a solid understanding of fundamental principles, enabling them to apply their knowledge effectively in both academic and practical scenarios.
